

YMCA CAMP MALLOWBONE

2025 SUMMER PROGRAMS

Camp Marrowbone, a YMCA overnight camp on Lake Oahe provides a safe environment for kids and families to learn, explore, and grow. Our goal is to teach life skills through the character traits of caring, honesty, respect, responsibility while making life long friends. Our camp experience results in new skills, the opportunity to try a wide range of activities, and a place to call home.

Our mission is to develop and strengthen the children and families in our reservation communities so they can fulfill their greatest individual and collective potential, spiritually, mentally, and physically.

CAMP MARROWBONE

Give your child the summer of a lifetime at YMCA Camp Marrowbone on Stove Creek Bay! Our camp offers a wide variety of exciting activities designed to keep kids active, engaged, and having fun. From swimming and water games to kayaking, canoeing, and paddleboarding on our beautiful waterfront, there's no shortage of adventures waiting to be had. We also incorporate traditional Lakota programs like tipi building, painting, and cultural presentations, offering a unique opportunity for campers to connect with local traditions and nature in meaningful ways.

On land, the fun continues with fast-paced, inclusive games like gaga ball, soccer, and even a special bow-making course. Whether your child loves sports, arts and crafts, nature hikes, or archery, they'll find their niche at Camp Marrowbone. More than just a camp, it's a place where kids build confidence, make lifelong friends, and experience the outdoors in a way they'll remember for years to come. Give them the gift of summer at Camp Marrowbone—where adventure, culture, and fun come together!

FAMILY AND FRIENDS CAMP EXCURSIONS

DISCOVER MORE THAN YMCA CAMP MARROWBONE ON LAKE OAHE

For friends and families new to YMCA Camp Marrowbone, we invite you to experience the adventure and connection that await across the area starting at Lake Oahe. Our camp offers unique opportunities to engage with nature, learn about Lakota culture, and give back to the community.

Cabin groups can fish off our pontoon boat, explore the Cheyenne River Sioux Tribe (CRST) buffalo herd, and take part in educational experiences like rodeos, powwows, and historic tipi living. In addition to outdoor activities, families and friends can make a meaningful impact and give back by signing up to deliver meals/programs across CRST Reservation, helping to combat food insecurity in one of the largest food deserts in the country. Want to spend the day on the water? Sign up to canoe down the Missouri River on a day long ride! This western adventure is waiting for you.

Whether you're looking to learn, explore, or contribute, Camp Marrowbone offers something for everyone. Join us for an unforgettable family adventure!

LEADER DEVELOPMENT PROGRAM (LDP)

Our Leadership Development Program's (LDP) mission is to empower emerging leaders with the confidence, competence, and compassion needed to thrive as tomorrow's leaders. The program is a structured and immersive experience designed for teenage campers who aspire to become camp counselors or have a desire to become more effective leaders. Our program provides participants with a blend of hands-on training, mentorship, and leadership development.

During the program, LITs engage in various activities and workshops focused on building essential skills such as communication, teamwork, conflict resolution, CPR/first aid certification, and decision-making.

They shadow experienced cabin leaders, assisting them with supervising campers, leading games and activities, and facilitating group discussions/debriefs. Through this apprenticeship model, LDPs gain firsthand experience in working with children and managing group dynamics under the guidance of seasoned mentors. In addition to practical skills, LDPs will receive training in child development, safety protocols, and emergency procedures to ensure they can effectively support campers and maintain a safe environment. By participating in our program, LDPs will have the opportunity to reflect on their experiences, set goals for personal growth, and receive feedback from both peers and mentors.
